Record Game Played Of 24 Innings At Boston

Boston, Mass., Sept. 2.—A new major league record was established Saturday, when Philadelphia defeated Boston 4 to 1 in a 24-inning game lasting nearly five hours. An advertised double header brought a large crowd to the grounds, but it was impossible to play the second game on account of darkness.

On but one occasion has this number of innings been exceeded. In 1895 a game between Fargo and Grand Forks at Devil's Lake, North Dakota, lasted 25 innings.

The second longest game on record prior to this one was the 24-inning Harvard-Manchester game played on Boston Common 29 years ago this month. A game between Tacoma and Seattle in 1892 lasted 22 innings. But three major league games approached the present record, each having lasted 20 innings. In the 36 years of professional baseball in this city, but three games have extended over 15 innings, and the Philadelphia American team has proved victorious in all three. One was a 17-inning game in 1902; the second was the 20-inning contest of July 4th last year, and the third was today's great game.

Coombs pitched one of the headiest games ever witnessed in this city, five times passing dangerous batters only to get the next man. He struck out 15 men and was batted safely 15 times. The pitching of Harris equalled that of Coombs for 23 innings, but in the last inning he weakened after the Athletics had scored and was hit for two three-baggers. The fielding was necessarily excellent, but the outfielding of Lord for the visitors and the infielding work of Parent and Grimshaw for the locals was especially worthy of notice. Philadelphia scored the first run in the third on two scratch singles and a stolen base. Boston tied in the sixth on a three-bagger and a single. The visitors scored the three winning runs in the 24th. Coombs struck out, Hartel singled, Lord struck out, and Hartel stole second. Shreck singled, scoring Hartel. Then Harris weakened and was batted for successive three-baggers by Seybold and Murphy.

In Boston's half with one out Grimshaw singled, but it was an expiring effort, as Morgan forced him at second and Criger was an easy victim.

The day was ideal and the crowd one of the largest of the season, while the game was the longest, as well as the most interesting ever played by major league teams.

For 23 innings Boston and the Philadelphia Athletics fought every inch of ground like two well-matched gladiators, until the players began to show signs of distress and darkness was fast settling over the battlefield.

With the record broken and the enthusiastic crowd of 18,000 persons worked up to the highest pitch, the plucky Quakers landed a grand victory, not, however, until two men were down and two strikes had been called on the lucky Schreckengost, when he singled and sent in the run that told the tale.

The game yesterday was remarkable for the all-round brilliant work of both teams and the phenomenal performance of both Harris and Coombs, who were strong to the close.

Both teams requested Umpire Hurst to call the game at the close of the 23d inning, as it was becoming dark and the fielders complained, but Hurst has no record of calling a game, and he forced the men to go on.

It was a treat indeed to watch the delivery of young Coombs. He had plenty of confidence and never showed the least sign of being affected by the undergo. His work in the last four innings of the game was simply great. Three hits were made off him during this period, but not a man got past second. He is a college man from Colby University, Maine.

"Coombs didn't seem to think anything of pitching such a long game at all," said Manager Mack.

The score:

Hit by pitched balls, by Coombs 1, by Harris 1. Struck out, by Harris 14, by Coombs 18. Time, 4:47. Umpire, Hurst.

SIR THOMAS LIPTON TO BUILD ANOTHER SHAMROCK

Glasgow, Sept. 13.—John Ward, managing director of Denny Brothers, builders of the last two Shamrocks, has sailed for New York.

It is understood the Denny brothers have submitted proposals to Sir Thomas Lipton for the construction of a Shamrock IV. They are to be given free hand in designing and building.

Syracuse, N. Y., Sept. 12.—Sweet Marie, at the Grand Circuit races at the State Fair track this afternoon, trotted a mile in 2:03.34, lowering her own and the world's record half a second for the fastest time made by a mare in a race. This sensational time was made in the second heat of the 2:05 trot. Her only competitor, Wentworth, did not press her or she would have trotted in faster time.

There were eleven starters in the first race—the Chamber of Commerce \$2000 stake—with Main Sheet favorite. After the first heat Jack Curry, the driver of Tana, went to the stand and complained that Thomas, with Main Sheet, fouled him on the first turn, Gold Dust Maid also suffering. The judges disqualified Main Sheet.

Owing to this decision Thomas refused to start Main Sheet in the third heat and it was trotted without him. Starter Newton announcing that a decision in the case would be made later in the week. The weather was warm and fair and the attendance 12,000.

Berkeley, Sept. 12.—For the first time in the history of the university the executive committee of the Associated Students appointed the captains that are to lead the various University teams during the fall season. In former years these selections have been made by the various members of the teams, but owing to the sudden termination of the college term last May, the University men disbanded without selecting the captains for the fall term.

At the meeting last night Kenneth C. Gillis was appointed captain of the baseball team and Norton E. Wilcox of the track team. Both men have made enviable records.

Active training of the football squad is to start Sunday. Trainer Walter Christie has announced that none of the aspirants for positions on the Rugby team will be allowed to enjoy the pleasures of roller skating. The men are apt to be injured and Christie will not allow the men to take the risk.

A match game of Rugby has been arranged between the varsity and Pomona College, to be played on October 20th at Los Angeles.

'FRISCO FINANCE SOUND

Under the title "A Senseless Flurry," the San Francisco Recorder delivers itself as follows on the run on the Hibernia bank:

In some mysterious manner—no one knows exactly how—a run has been started on the Hibernia Bank, an institution notable in a city of conservative savings banks as the soundest financial institution in San Francisco.

In banking circles the run is regarded as inexplicable as well as inexcusable. The real sufferers from a run of this kind are not the persons who start the rumor of the institution's financial unsoundness, but the depositors deluded into withdrawing their savings by the false reports. They lose the interest on their money and run the risk of being robbed by thieves who are, no doubt, keeping close watch on the withdrawing their deposits. The class of depositors withdrawing their money are mostly working people, and the money represents the savings of years. For them to lose it through a groundless rumor would be hard indeed.

A feature of the run worthy of note is the fact that the deposits are normal. As to the ability of the bank to pay every depositor in full there is no doubt whatever. The bank has in government bonds and other gilt-edge securities readily convertible into cash more than \$25,000,000, with a reserve fund of \$4,000,000. In addition it has \$18,000,000 in mortgages in the burned district alone, secured by \$9,000,000 of insurance policies and \$22,000,000 of real estate.

The Hibernia has always been conservative in its loans, and has made it a policy of making a deposit of \$5000 the maximum. If forced to take over the property on which it has mortgages the bank would suffer no loss, as there has been no depreciation in San Francisco real estate in the burned district, while property in many portions of the unburned district has appreciated in value.

All the savings banks in San Francisco have more coin on hand at present than ever before in their history, owing to insurance payments and the Hibernia is amply able to pay its depositors from the coin in its vaults without having recourse to its bonds or reserve.

It is unfortunate that there should be a run at this time, as it unsettles general conditions and may result in the banks ceasing to make loans until the people are quieter.

As to the persons who start a rumor of this character, they are more than criminal, for they bring no great harm to the object of this spite, but go work injury to the foolish and misguided depositors who believe in them.

The BUSINESS MAN'S HANDY IN OEX, published in the Saturday Bulletin and the Weekly Edition, gives a concise and complete resume of all legal notices, calls for tenders, judgments, building permits and real estate transactions. Evening Bulletin, 75¢ per month. Weekly Bulletin, \$1 per year.

What A Burial Contract Will Do For You

Every man and woman in the Territory, whether rich or poor, should become a member of the Harrison Mutual Burial Association.

A proper burial is assured every member.

In case of death, whether from accident or natural causes, a \$100 funeral is given to Class A members, and a \$50 funeral to Class B members. Funeral services may be held from the home, or from the Association Rooms, as relatives or friends may wish. Members become fully protected for all benefits from the moment they receive their membership certificate.

Any person in good health, from 1 to 70 years of age, is eligible for membership.

After payment of membership fee, there is no further cost than an occasional small assessment to pay the share in the funeral expenses of a deceased member.

It is the cheapest and most important beneficiary ever offered to the people.

"SAVE-THE-HORSE" SPAVIN CURE

Troy Chemical Co., Binghamton, N. Y.
Dear Sirs:—About two years ago a very fine, well bred mare I own got what seemed to be a bad sprain of the off fore fetlock, which made her very lame; I blistered her and let her run out for about four months, when I took her up she was better but still lame and got worse when worked. I then tried another kind of blister with about the same results.

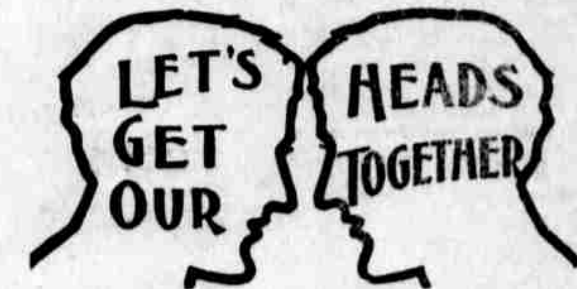

Last Spring I bought a bottle of your Save-the-Horse from your agent in this city. After treating the mare with this for about two weeks I gave her some slow driving; she improved very much, and by the time I had used up the bottle I was able to drive her twenty or thirty miles without any apparent bad effects. She now goes sound! I also with the same bottle removed two wind galls from her hind legs.

Hoping that this will be of some benefit to you, I am, your truly,
MARTIN BURNELL, 461 California St.

Positively and permanently cures Spavin, Ringbone, Thoroughpin, Gurb, Splint, Capped Hock, Wind Puff, broken down, bowed or strained tendon or any case of lameness. Horse can be worked as usual and with boots, as no harm will result from sealding of limb or destruction of hair.

\$5.00 per bottle, with a written guarantee, as binding to protect you as the best legal talent could make it.
